M INTERNATIONAL INC. EXPANDS ENGINE MRO FOOTPRINT WITH PURCHASE OF KEYSTONE ENGINE SERVICES

M International Inc., announces the purchase of Keystone Engine Services from Sikorsky Global Helicopters Inc. Keystone Turbine Services LLC (KTS), formerly Keystone Engine Services, is an Authorized Rolls-Royce 250 engine and Honeywell repair and service center located in Coatesville, Pennsylvania.

In addition to changing names and ownership, KTS and its factory trained accessory technicians with 20+ years of experience, are relocating to a newly renovated 30,000sq ft. facility. The new facility features a state-of-the-art test stand and SOA test cell and is approximately 1 mile from the former Sikorsky location.

"We are very pleased Keystone will become a M International independent multi-platform MRO service provider and look forward to expanding our relationship with both Rolls-Royce and Honeywell by adding an AMROC and AWARS to our family of engine aftermarket support capabilities," - Richard McConn, Founder & CEO of M International Inc.

The acquisition of KTS constitutes a key step towards the achievement of M International's vision of becoming a "one-stop-shop" and a leading global multi-platform service provider.

M International's chief Services Officer, Ken Essary added, "we are excited to have a Rolls-Royce and Honeywell approved MRO facility on the East Coast. We look forward to continuing the history of excellent support that Keystone customers have grown to expect over the years."

About M International

Headquartered in McLean, Virginia and formed in 1979, M International is a leading provider of aftermarket technical, MRO and supply chain management services for the aerospace and defense industry. M International is the parent company of Airborne Engines Ltd in Delta, BC, Canada, a Transport Canada approved Model 250 and Honeywell Authorized T-53 repair and overhaul center and MINT Turbines, LLC in Stroud, Oklahoma, an FAA-approved MRO facility for the P&WC PT6A and T (Twin-Pac) series engines. M International holds a number of OEM distribution and representation agreements to include being a Honeywell-approved world-wide distributor of T-53 engine spare parts and a Bell Helicopter Independent Sales Representative. Additional information regarding M International can be found at www.minternational.net or by calling Mr. Tom Duncan, VP of Sales and Marketing at 703-448-4400, X104 or email tduncan@mintex.net.
